***FACULTY AND
ADMINISTRATION***

June, 1969

Dear Class of 1969:

I find myself being very proud of you. You came to Forest Park High School with me in September of 1966. Now you go forth to find your respective places either in the world of advanced education or in the world of work. My sincere best wishes for your success go with you.

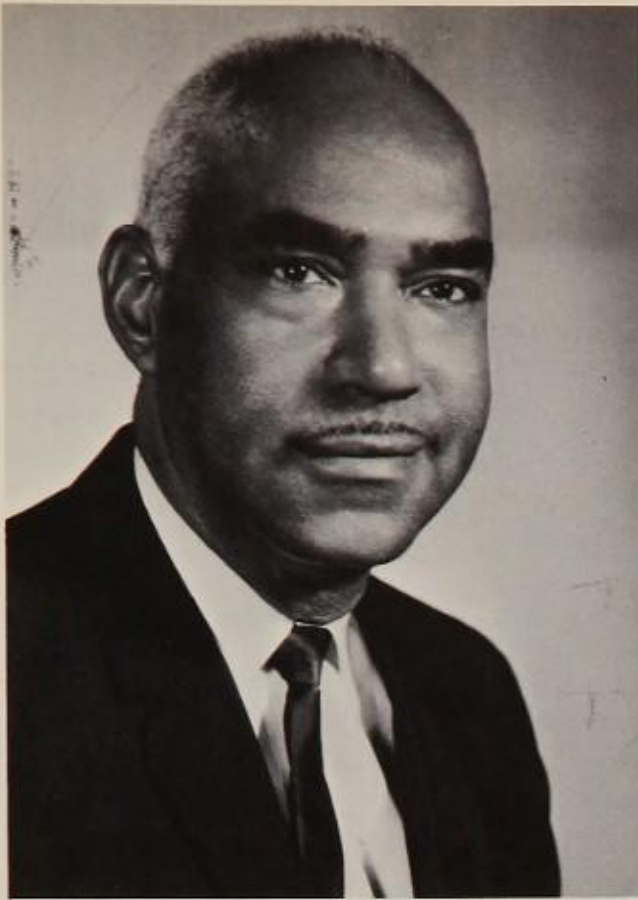

And, now, a parting shot of counsel: it has been wisely said "Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe no less than the trees and the stars; you have a right to be here . . . Go placidly amid the noise and the haste, and remember what peace there may be in silence. As far as possible, without surrender, be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even to the dull and ignorant; they too have their story. Avoid loud and aggressive persons; they are vexatious to the spirit. If you compare yourself with others, you may become bitter or vain, for always there will be greater or lesser persons than yourself."

Having quoted from the writings of Max Ehrmann, let me hasten to entreat you to do even more: continue to strive for the high ideals which have always been a part of the Forest Park tradition. You have earned a diploma; it is my fervent wish that you have also acquired, and will demonstrate during all your life, the high idealism fostered at your high school—Forest Park.

With warmest personal regards,

W. Norris Weis

W. NORRIS WEIS
Principal

Dear Seniors:

May I take this opportunity to bid each of you a very happy future. However, from past experience we know that some of you will not be so fortunate. For that reason, may I leave this thought with you?

Rather than have the idea that you have completed your education and glad "to be finished with school," recognize that you merely have a foundation upon which to build your future. In the past several years there has been a steady increase in the number of facets of our society. There has been an increase in population, in the cost of living, in the production of goods, in the demand for services and *in the requirements for securing a given job*. So take advantage of every chance to build your knowledge and skills in order that you will be ready and able to hold that better job which will lead to a better life.

Again—GOODBYE and GOOD LUCK!

Charles F. Michael

Charles F. Michael

You have been looking forward for a long time to this high school graduation and I congratulate you on your achievement. This is a very important time in your life—the end of an era. But it is even more the beginning of a new era—a "commencement." You will go on from here in many different ways along many different paths and your successful completion of this stage of the journey is a good omen of success and accomplishment in the future.

It is my hope that what you have learned here will be valuable as preparation for that future and that your recollections of Forest Park will be among your most treasured memories. My very best wishes for your happiness, whatever path you choose.

The largest department in the school, the English Department, offers specialized programs in addition to the college preparatory and general curricula. Success in any field of endeavor requires a knowledge of the various areas of the English language—reading, writing, and speech. To implement this requirement Forest Park's English Department provides several courses that train its students to use these forms of communications correctly. Added to the department's teaching staff are several experienced teachers in speedreading. In these classes, students learn the skill of reading with speed as well as understanding. A course in journalism and creative writing is offered to seniors. In addition, a drama major program is available. Students are required to employ all their English skills in dramatics. Good speech is necessary for performances.

The *Forest Park Press*, the school newspaper, and the Creative Writing Club are the two activities sponsored by the English Department.

Creative writing takes our English lessons and puts them to work.

Foreign Language

In order to broaden the knowledge of foreign cultures, membership in various language clubs is offered to all interested students. Each language club has the responsibility of providing a showcase in the main lobby. The Spanish Club shared a beneficial year which included a pre-Christmas skating party, a spring tour of Washington, D. C., regular Spanish dinners and a Spanish choir within the club. The German Club spent a Germanic afternoon along with other high school German Clubs within the city. They also performed German skits within the club of German II and IV students. The French Club has had a very prosperous year sponsoring a fashion show, skits, games and films within the club. They also sponsored a puppet show. The French Club hopes to participate with other language clubs in combined programs.

The Social Studies Department offered a wide variety of courses this year. U.S. History, the only required course, traces the development of our nation by interpreting past events and comparing them to present-day accomplishments. World History, World Civilization, World Culture, and Geography give the students a broader background of the changing world in which we live. Current Problems, dealing with the evaluation and interpretation of the news, and Minorities, a study of the problems and contributions of the minority groups in the U.S., were offered as minors. A new course, sociology, dealing with human relationships, problems of the family, church, and society was also offered as a minor this year. All of these courses stress the importance of our culture and foreign peoples' culture and the relationship thereof.

The Science Department offers a variety including Biology I and II, Physical Science I and II, Chemistry I and II, and Physics. Of these subjects, biology is the only required course. Physics and Chemistry may be chosen in the eleventh and twelfth grades. The scheduling of these sciences is basically the same, consisting of 2 laboratory periods and 3 lecture periods per week. During the laboratory period students perform experiments relating to their present classwork.

New laboratory facilities and classroom furniture provide maximum space for the utilization of the approach to learning of science.

Mathematics

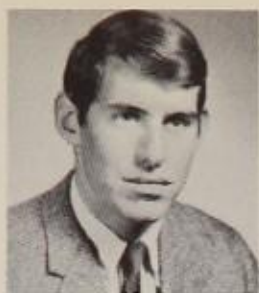

Attempts are made to satisfy pupil needs at various levels through the Math Dept. here at F.P.H.S. Enrichment and regular college preparatory courses are offered in addition to general academic, general tech. and basic courses. General academic students who prove themselves during the 10th grade have the opportunity to transfer to the regular college preparatory math.

The "why" as well as the "how" has been emphasized and the function concept stressed. All teachers in the Math Dept. are familiar with "modern mathematics" preparation. Traditional methods of teaching are being modified and improved as material become available.

The Business Education Department attempts to train students to become competent, efficient, and productive workers. Commercial courses include typing, stenography, bookkeeping, and office practice. These courses give basic experience necessary for office work, salesmanship, and professional secretarial practice prevalent in the business world.

Students learn the theory of business through courses in business organization, economics, and business law.

The Home Economics Department is designed to teach future homemakers appreciation and skills related to the many facets of homelife. Girls and boys explore the art of cooking by studying food and nutrition, proper diet, and the preparation and planning of meals. Areas such as child care, family living, and home management stress the importance of happy personal relationships. Girls learn to be conscious of their personal appearances in sewing classes and in family relations courses.

Almost every girl is exposed to the Home Economics Department during her sophomore year. There are additional courses in foods, clothing and family living for those who wish to specialize in the home ec. field.

The Industrial Arts program is a supplementary part of the student's general education. The primary objectives of this department are to acquaint the student with technical and industrial processes and to broaden his scope and understanding of the industrial society of which he is a member.

The student becomes familiar with the basic tools, skills and technical information in each of the following fields: metal work, wood craft, electricity, and drafting. Skills in these areas help to determine their future vocational interests.

The Forest Park High School Music Department has a well organized course of study suitable to a student's background and interests. "Music for Everyone" may well describe the Music Department of the school. The main goal of the music course is to develop an appreciation of music, to develop creativity and skill, and to promote a greater aesthetic awareness.

Much emphasis is placed on the performing groups, namely the band and choruses. These musical groups perform for community activities, school functions, and festivals. Individual students are given opportunities to perform at school and community functions.

Music appreciation classes explore interesting topics such as the Negro in music, psychedelic music, electronic music, the classics and ancient music.

Art

Art is an important subject in the Humanities offering the student opportunities for self-expression in line, shape, and color. Disciplined self-expression is achieved through the color theory, perspective design, and composition; executed in different media; water color, pencil, ink, tempera paint and charcoal. Problem solving, manipulation of tools and media in a craftsman-like fashion are offered through work in three-dimensions.

Students may major in art up to three years or take it as a minor.

The Physical Education Department strives to teach sport skills which may be used throughout one's life. This goal is achieved not only through class activities which are a diversion from regular class-work, but by intramurals, extramurals and inter-scholastic athletics as well.

Forest Park, unlike some other high schools, has its own swimming facilities, along with a special room designed for wrestling. Volleyball, archery, swimming, basketball, wrestling and tennis are only a few of the numerous vibrant skills to be learned and used. The development of these skills may be used repeatedly to insure physical fitness and dexterity.

Guidance

The Guidance Department of Forest Park High School recognizes the fact that each student is unique, has different talents, and rates of learning. To realize this problem, the department is ready to give the individuals the advice they need for a successful high school career. The counselors help the students select the curriculum that would suit his learning capacity. The selection that is made prepares him for college, business school, or a technical profession.

Dental Laboratory

Students of average or better than average academic work, special aptitudes in mechanical and artistic areas, and high personal standards, are eligible in their sophomore year to enter a program of training in dental laboratory technology. Skills taught in this course include technical sketching and carving. This course of laboratory instruction and experience also includes academic subjects designed to satisfy requirements for graduation.

The Library serves the established aims of the educational program by providing a variety of materials including books, magazines, films, newspapers, and records.

Teacher as well as students consult references for research work and projects. This year the library purchased many new books, records, and a photostat copy machine. These new additions to the library encourage Foresters in their undying search for knowledge.

Services

The members of the Janitorial staff should be labeled the "Unsung Heroes" of our school. Throughout the day, they do work for which they are rarely given credit. The fine cooperation of the janitorial staff is greatly appreciated.

A wide variety of balanced lunches is offered daily to the students of Forest Park High. We are very grateful to the dieticians who are responsible for this service to our school.

The Forester staff worked diligently in order to supply the graduating class of 1969 with a memento of their three years here at Forest Park. The staff, with Bobette Wagner as editor-in-chief, strived to meet deadlines in order for the yearbook to arrive on Senior Farewell. Mr. Wayne Paul proved to be an aid and inspiration in his first year as advisor. Many interested students were given the opportunity to help put the yearbook together. Here students learned to work with others on a worthwhile

project. Many evenings after dark the hard working staff could be found in the little hole in the wall known to others as the Forester office.

The Business Staff of the Forester also had a trying year. Their job was getting funds to help build a better yearbook. This staff had to keep after seniors for patron and ad money. They were the team that was the strength behind the yearbook.

The Press Staff, hard at work, but seeming to enjoy it.

Forest Park Press

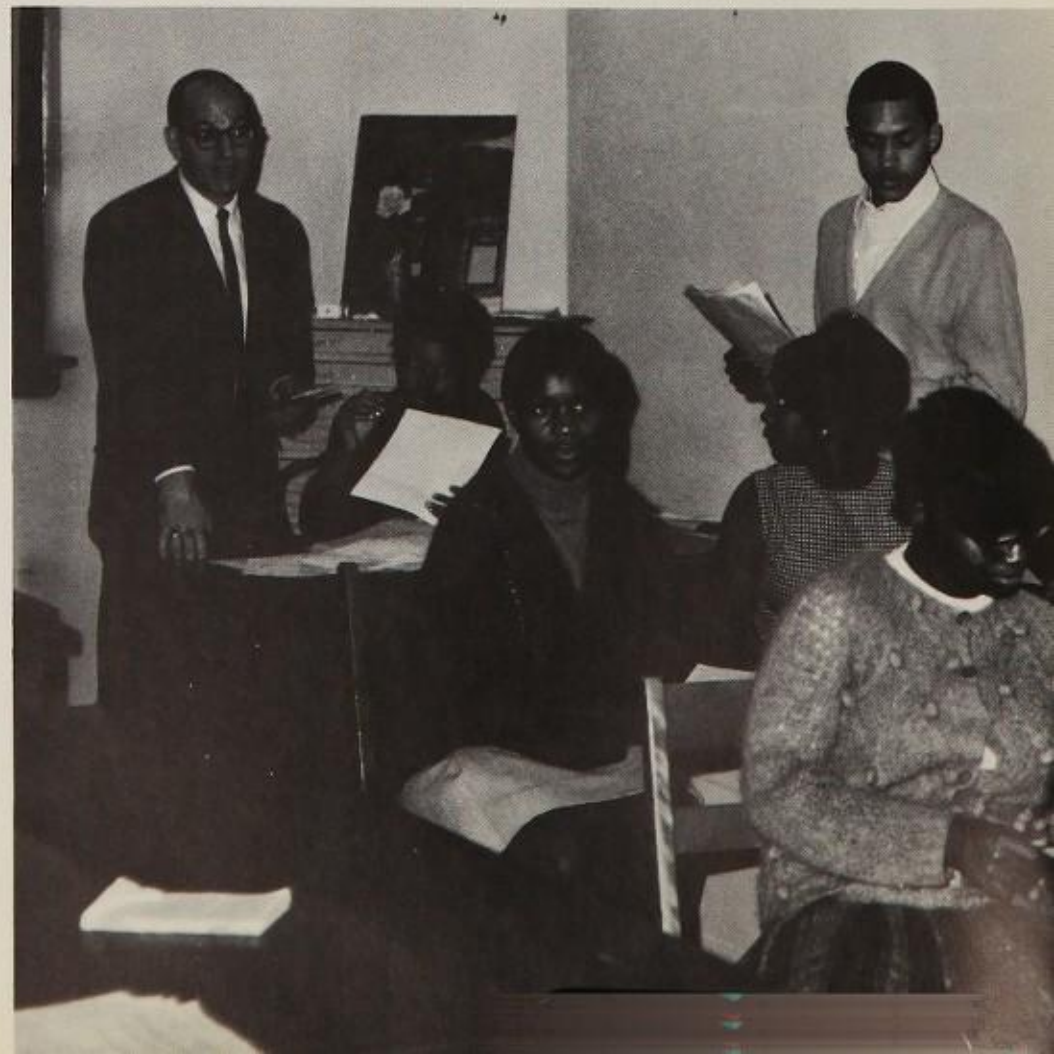

Mr. Ercole advises the business staff.

The Forest Park Press Staff worked diligently to prepare the first eight page issue of the season, commemorating the first varsity championship in the "B" division. Editors busily prepared to submit the issue to the Columbia Scholastic Press Association, where in previous years they have been awarded first place. The press, also a member of the Maryland Scholastic Press Association and The National Scholastic Press Association, is published monthly by the editors with the assistance of the Journalism classes as typists and contributors.

Representatives traveled to New York, where the students spent the week-end and attended class sessions at the Columbia University. Editors attended the Maryland State Press Conference also.

Mr. Joseph Johnson is Editorial Advisor. Mr. Henry Ercole is Financial Advisor.

Those students who have rendered outstanding service to the school, maintained an exceptional average in major subjects, and have substantial character, compose the membership of the Forest Park Leaders, a chapter of the National Honor Society. Their projects this year have included the Student Committee For Good Decorum (suggested by the organization, but including other students of the school), guest speakers, surprise movies, induction of new members, and the coaching program. The Leaders set an example for the entire student body and gives them something to strive for.

The Coaching Program has made remarkable progress this year and has come to be recognized as an indispensable part of the school program by tutoring students on a one-to-one basis.

Foreign Language Clubs

In order to broaden the knowledge of foreign cultures, membership in various language clubs is offered to all interested students. Each language club has the responsibility of providing a showcase in the main lobby. The Spanish Club shared a beneficial year which included a pre-Christmas skating party, a spring tour of Washington, D. C., regular Spanish dinners and a Spanish choir within the club. The German Club, spent a Germanic afternoon along with other high school German Clubs around the city. They also performed German skits within the club of German III and IV students. The French Club has had a very prosperous year sponsoring a fashion show, skits, games, and films within the club. They also sponsored a puppet show. The French Club hopes to participate with other language clubs in combined programs.

SCIENCE CLUB: O. Farrow, C. Koger, J. Gayles, Mrs. Mensing, C. Fowler (Vice-Pres.), J. Walls, K. Tomlin, M. Lee, M. Jackson. (Theodora, the White Rat).

Science Clubs

The Biology and Herpetology Clubs offer students enrichment for interests extending beyond the classroom. The annual campus seminar along with other special campus programs have given the Biology Club citywide recognition. Studies of biological aspects in our environment are carried on by this club. The Herpetology Club has a unique program in reptile study, maintaining a small collection of various reptiles for study and observations.

Forest Park offers a variety of special in clubs for those students wishing to pursue specialized interest outside of the school. Important current world problems are discussed by the members of the United Nations Youth Club. Playing among students, the Chess Club achieves its goals of improving and furthering chess skills by presenting helping ideas and tactics. In the Rifle Club, members learn through competition to develop skill and caution in the use of weapons. With its aim of exchanging ideas on selected news events, the News Views Club is an informed discussion group. The Home Economics Club is a special interest club which offers activities in the culinary and homemaking arts.

The 1969 "B" Conference Champions

CRUNCH!

The Varsity football team emerged from its 1968 season as "B" conference champions. This was the first undefeated football team in Forest Park's history. It was also the first championship team since 1956.

As the leading scoring team in the "B" conference, and the only undefeated, untied team in the M. S. A., the mighty Foresters marched on to a ten game winning streak. The Forest Park defense gave up fewer points than any other team in the M. S. A.

The leading scorer of this victorious team was Greg Brewer with 13 touchdowns and 7 extra points; a total of 85 points. Other scorers were Wesley Pugh with 30 points, Rubin Brown with 24, George Young with 20, Alverna Durham with 19, and Reginold Speight with 18. These scores and others totaled 235 points.

Al Durham was the leading passer for the Foresters with 40 completions out of 76 attempts for 425 yds. and 6 TD's passes.

In the area of interceptions, Wesley Pugh, with 7 interceptions for 210 yds. and 1 TD, and Reggie Speight with 3 interceptions for 15 yds. were team leaders in this department. Those two also lead in the Punt Return department. Speight was leader with 9 returns for 172 yds. and 2 TD's. Pugh followed with 3 returns for 58 yds.

But the Foresters will remember this season as one of an effort on the part of the team as a whole. The 1968 Forest Park Varsity football team will be the talk of Foresters for years to come.

The Junior Varsity football team remained undefeated to capture the B Division title. The strong team spirit helped the Junior Varsity team complete one of the best seasons ever for a Junior Varsity squad. Under the coaching of Mr. Charles Waeshe and Coach Eugene Smalley the team compiled an 8 and 0 record.

Memories of a Dynamic Season

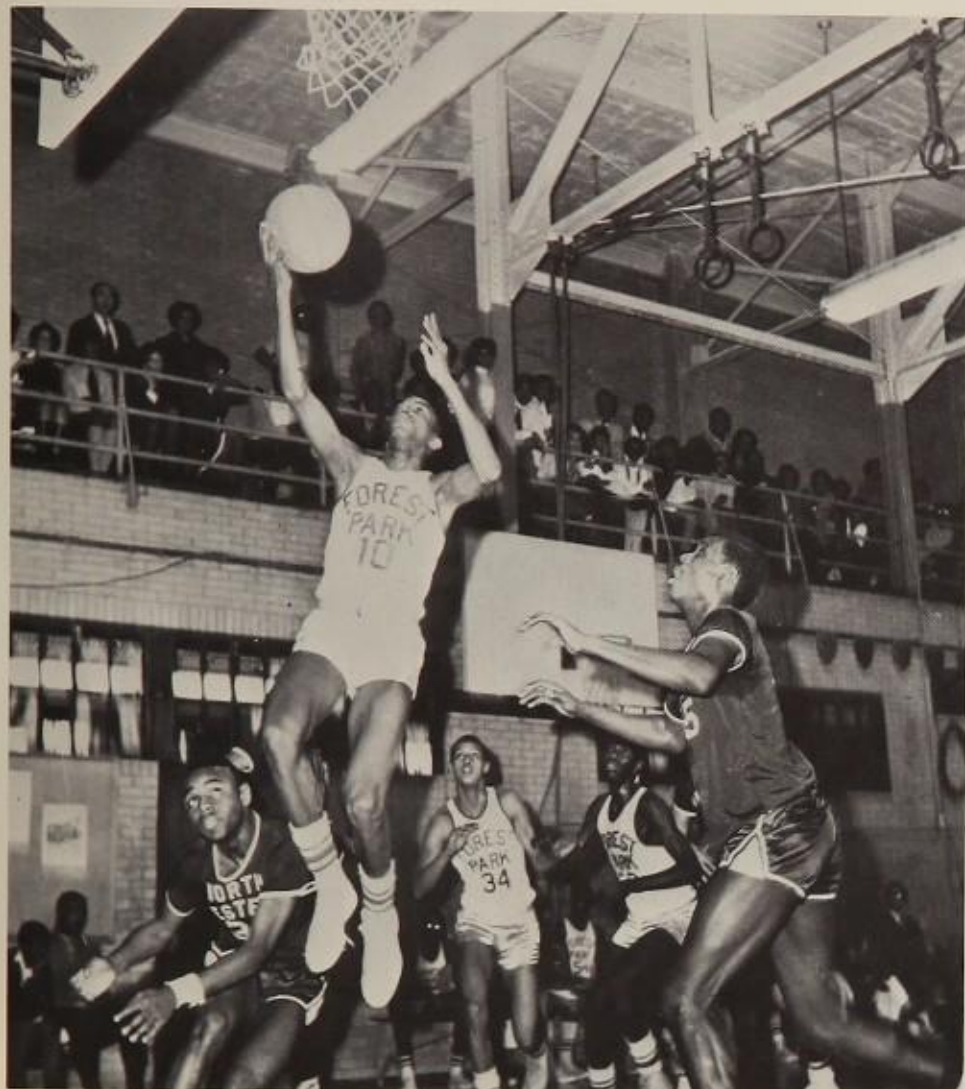

Varsity Basketball Team Takes Second Place in "B" Conference Play-Off

Forest Park's varsity basketball team had a very successful season this year. The varsity squad under Coach Warren Schwartz succeeded in playing in the heart breaking championship game against Northwestern. The team deserves commendation for their hard work.

After getting off to a quick start the Junior Varsity basketball team slumped to a disappointing position. Under the stern coaching of Mr. Leo Rosendale the J.V. squad learned self discipline along with group discipline.

For three consecutive years the Forest Park Wrestling team, under the brilliant coaching of Mr. Don Morrison, has captured the "B" Division Championship. Individual credit is due Jacob Butler, Arthur Evans, and Reginald Speight. But the strong team effort attributed to the team's many victories. Forest Park's grapplers battered schools such as Northern, Southern, and Northwestern.

Swimming Teams Struggle in Disappointing Season

Although the Varsity and the Junior Varsity Swimming Teams finished one of its more disappointing seasons the team proved to be strong competition for their opponents. Junior Varsity coach Wayne Paul and Varsity coach Charles Waesche commended their teams for the hard effort and the many hours of dedication.

Majorettes

The Forest Park High School Majorettes

Under the direction of Mrs. JoAnne Hubbard, the majorettes played a major role in the ever-increasing amount of school spirit. These girls performed at football games to cheer our team on to victory. The squad had the honor of marching in the 1969 Presidential Inaugural Parade.

Come on, Come on...

Here we go again—Hup two three four.

Modern Dance

This year the Modern Dance Club under the direction of Mrs. Elizabeth Moore, were able to present an assembly as well as participate in inter-school activities.

SENIOR ACTIVITIES

"So-long Seniors"

In this twentieth century when so much stress has been placed upon technological advances which include automation, computers and space discipline in all areas of concentration is imperative for all youth of today. "Excellence through Determination" has been the sustaining motivation for many of you and you have "made it." This hurdled first major milestone is the gateway to adulthood and greater responsibilities in our "work-a-day" world.

Goodbye and Good Luck

To the Graduates:

Congratulations I've enjoyed working with you as your Financial Advisor. It has been a delight to observe your growth at Forest Park.

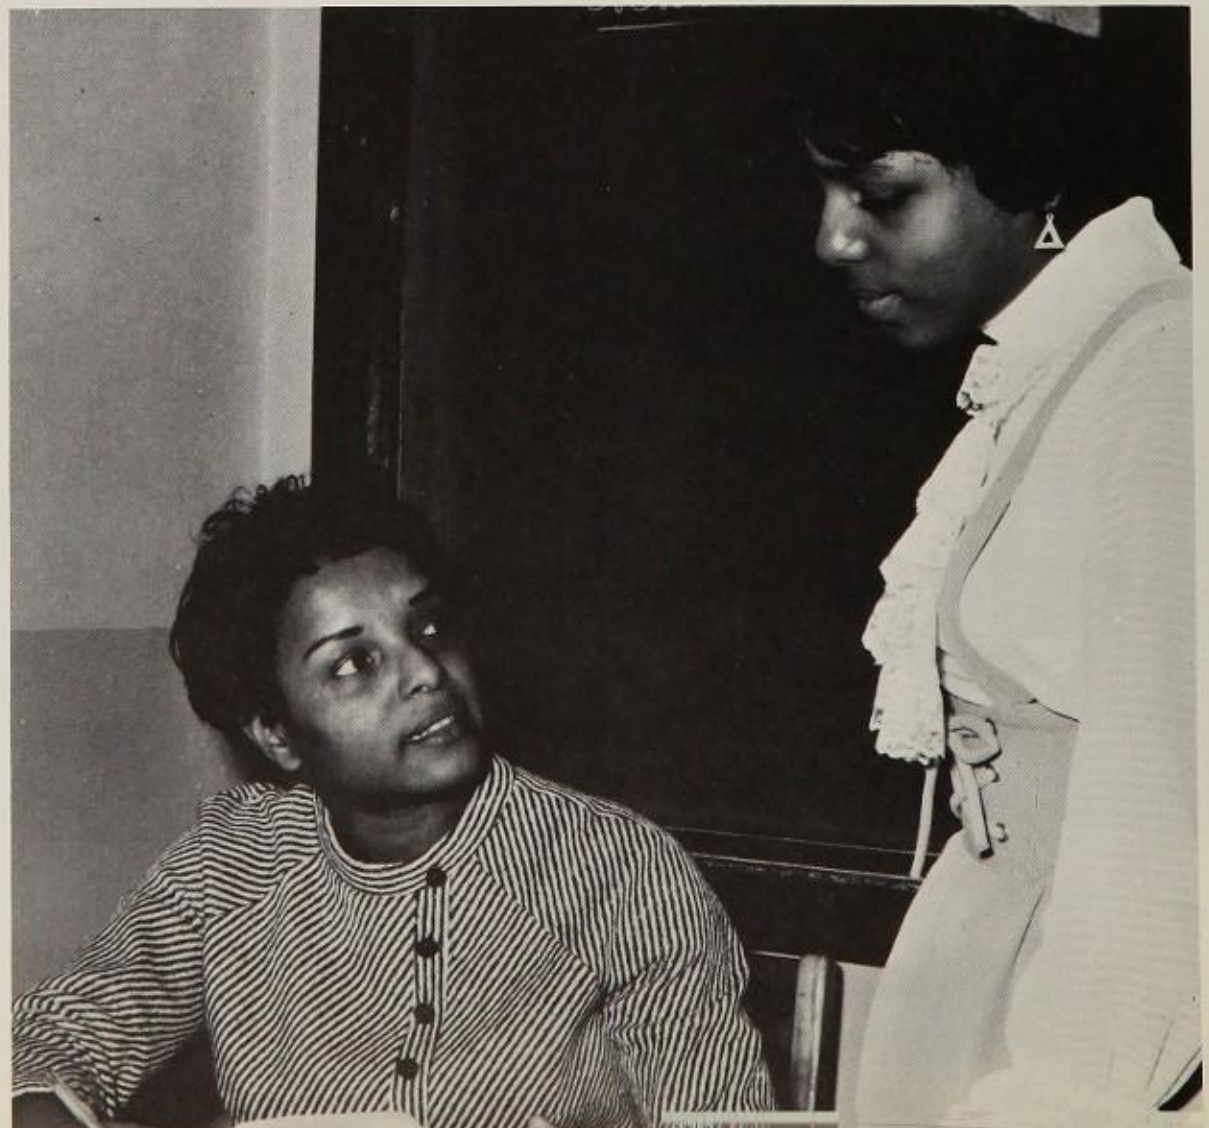

There are many challenges facing you. Do not fear them—accept them in attempt to make the world a better place in which to live. Therefore, I challenge you to become productive contributing citizens.

I shall always remember the Class of "69" because we entered Forest Park together in September, 1966. Best of luck and happiness. Never forget your class motto, "Excellence through Determination."

Sincerely

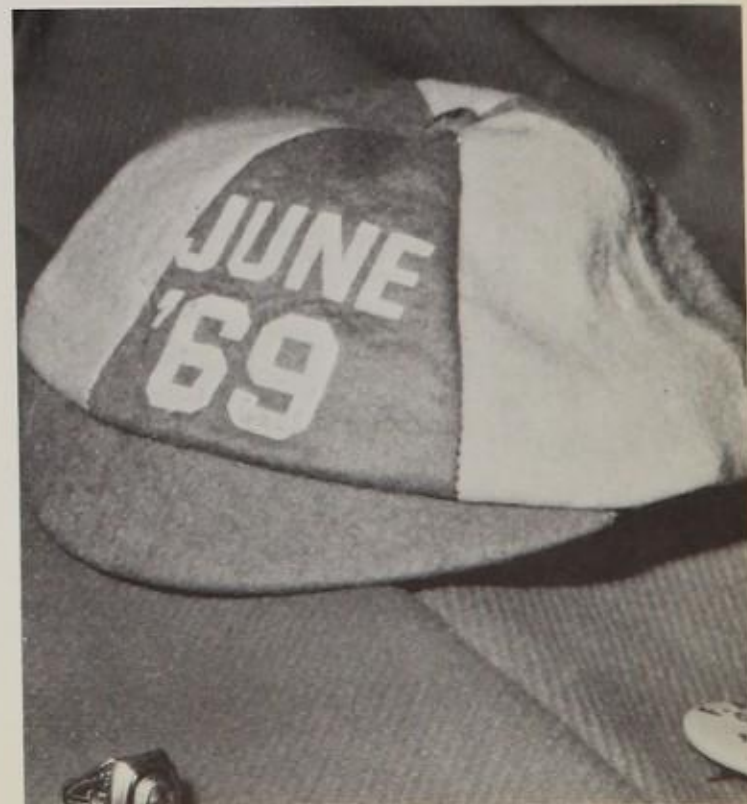

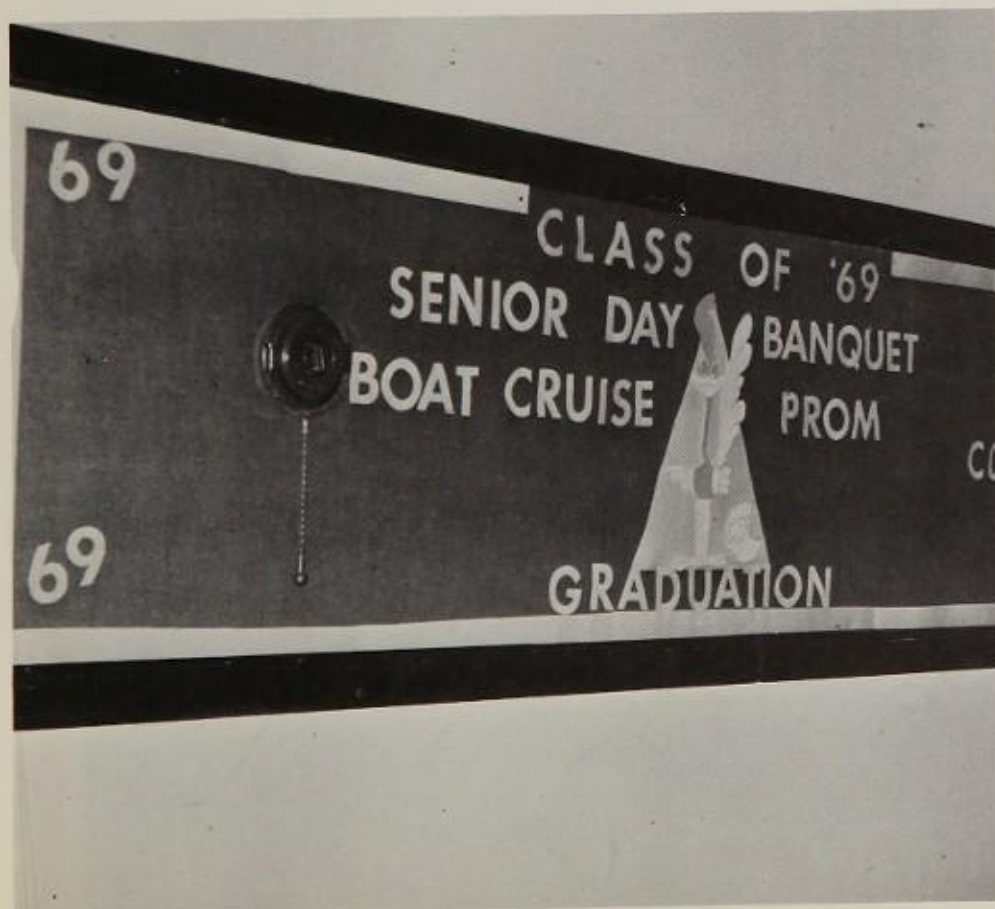

Betty H. Parker

for Class of '69

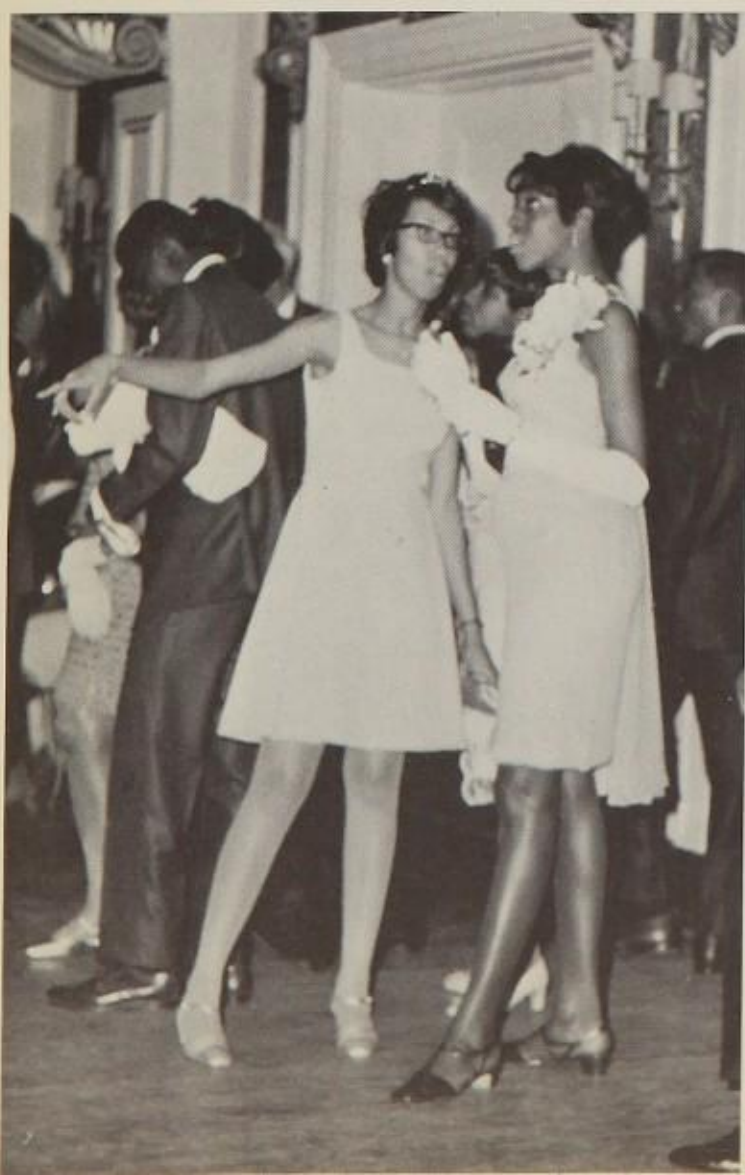

Class of '69

The class of '69 enjoyed the traditional activities of the Senior Class. The warning, "No dues, no activities," was heeded by the class in order to carry out Senior Day, the banquet and the prom. All of these led up to the zenith, what everyone was looking forward to graduation. These four dates, Feb. 14th, June 5th, June 12th, and June 16th, will always remain in the minds of each Senior for they all stand for something important.

"Candlelight and a Mellow Mood" was the theme of our Junior Prom held at the Alcazar Ballroom on April 19, 1968. Dressed in semi-formal attire, members of the Junior Class and their dates danced to the music of Frankie and the Spindalls from 9 to 1. The evening was highlighted by the crowning of the Junior Prom Queen, Doretha Drummond who had the first waltz with Mr. Weis.

Junior Prom

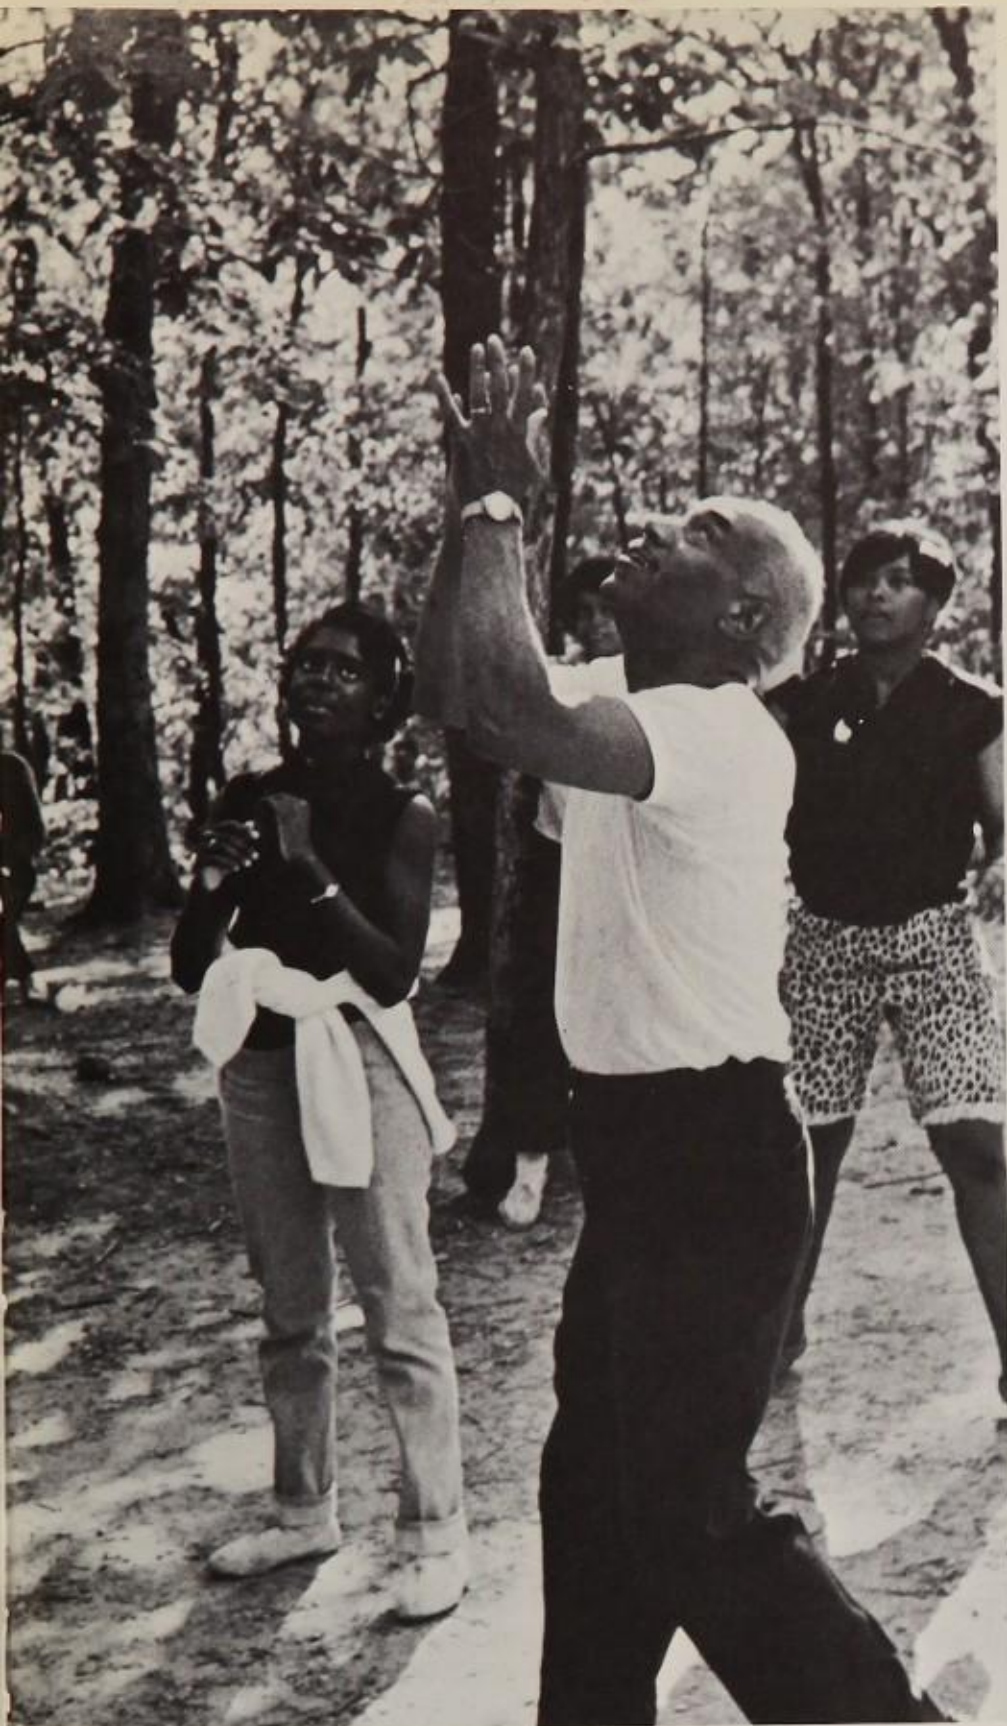

June '69 held its sophomore and junior picnics at Patapsco State Park. The junior picnic was highlighted by two guest bands that really supplied a festive atmosphere for the occasion. Seniors will always remember the fun of eating cold hot dogs, playing softball with Mr. Weis and Mr. Michael, dancing under the pavilion, swimming in polluted water and long hikes on endless roads for a long time. It was truly a "stoned-soul picnic."

My Dear Friends,

The time has finally come for you to venture out beyond the walls of work or college. Regardless of your decision, remember that education is a continuous, never-ending process. Cultivate and mature your mind with purposeful and worthwhile activity. Working with you as your counselor and watching you mature into such promising young ladies and gentlemen have been inspiring and gratifying experiences for me. I am looking forward with pleasure and anticipation to the realization of the worthy goals which you have for yourselves. I am encouraged and heartened about the future of the world when I think about you, the future leaders of America who have your motto—Excellence through Determination: I extend to each of you my heartiest and warmest congratulations!

Affectionately yours,

Beulah F. Maxwell

With Them to Guide Us

Dear Seniors,

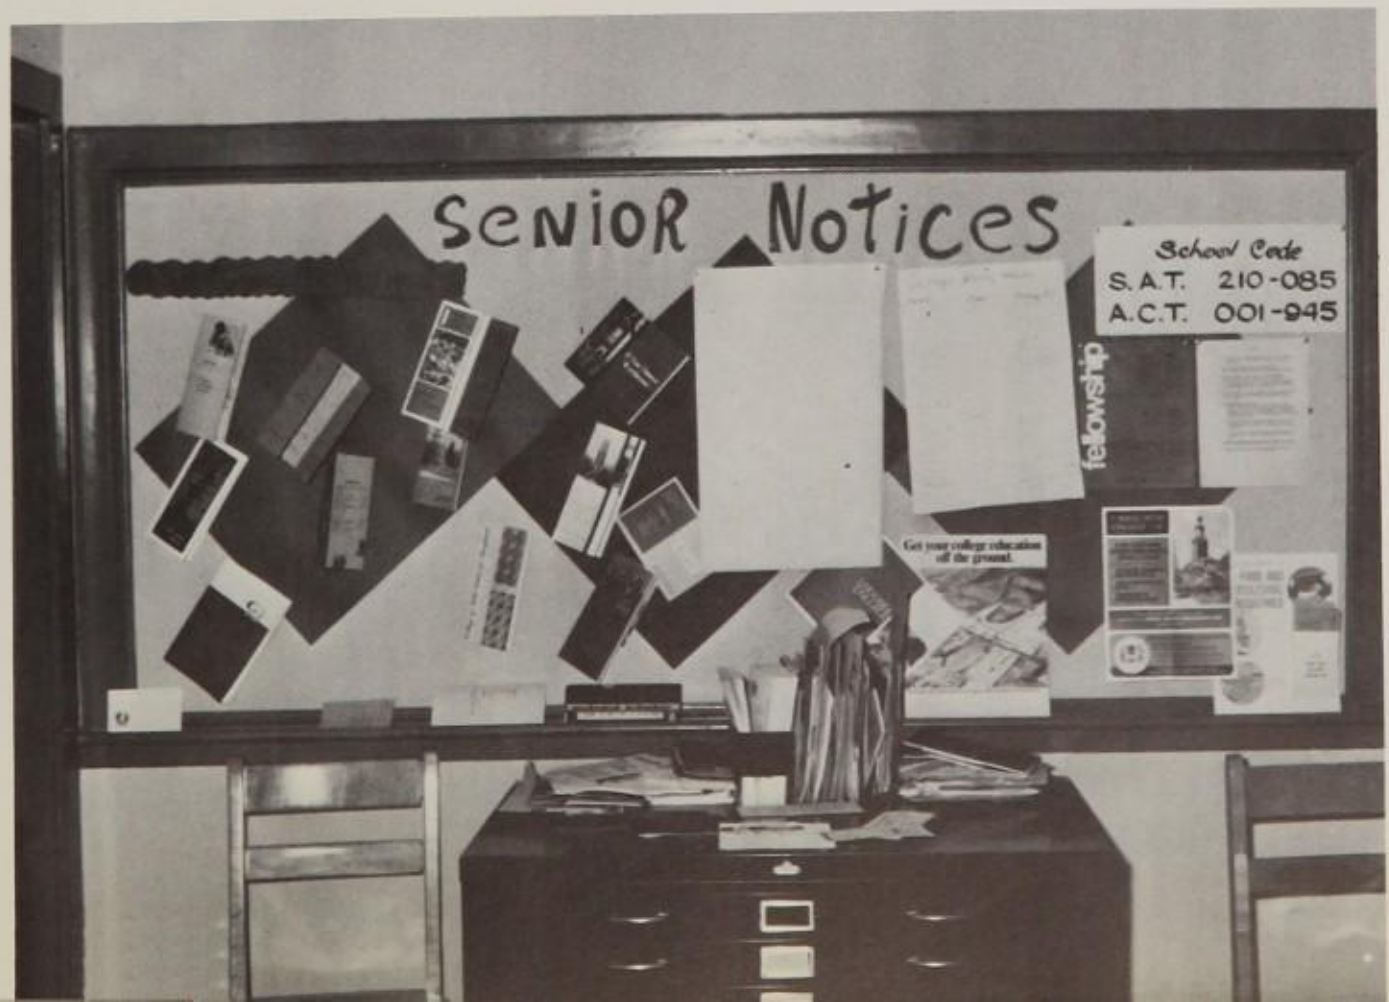

At long last you are now at the long awaited threshold. Do not consider this threshold as terminal but as a spring board for further experiences. Many of you will continue into college to further your formal education and thus gain new experience. Others will enter the so called business world to gain new experience as a member of the adult society. Whichever avenue you may choose, I wish you good fortune and trust the mark you will leave on this world will be that of honor and pride. Again good luck and my warmest congratulation.

Sincerely

Chester Johns

27th ANNIVERSARY

THE ENSIGN C. MARKLAND KELLY, JR. MEMORIAL POST #174 of the AMERICAN LEGION was formed in his honor, to perpetuate his name and keep alive the AMERICAN ideals for which he so willingly gave his life.

To this end the Ensign C. Markland Kelly, Jr. Memorial Post #174 has been active in many programs and activities, a few of which are listed below.

- American Flag—Educational programs for flag etiquette and American Flags presented to Boy and Girl Scout Troops.
- Athletics—Junior baseball, basketball and lacrosse teams sponsored. Lacrosse trophies for High Schools and Colleges. A baseball field is maintained in the Northwood area. Annual Sports Award presented to an outstanding coach in the State of Maryland.
- Baltimore City Zoo—Gifts of (11) Polar bears, Jenny the elephant and most recently the Sardinian donkeys, Ginger Bread and Cupcake.
- Boys and Girls State—(8) High School Juniors each year sponsored.
- Boy Scouts—Over 18,000 Boy Scout calendars presented annually to schools, troops and Cub Packs.
- Drum and Bugle Corps—Sponsoring St. Mary's Drum and Bugle Corps and Honor Guards in American Legion competition each year.
- Essay and Oratorical Contests—Sponsoring contests in all schools interested.
- Open Shutter—Maintain film library for "shut-in" institutions as well as providing live entertainment and refreshments as occasion arises.
- Scholarships—McDonogh School and Baltimore College of Commerce.
- Memorial Services—Open to the public, each year a Memorial Day Service is held at Loudon Park Cemetery on May 30th for all who have made the supreme sacrifice for their country. Watch for announcement in the papers.

Since its inception, the Post has been interested in the community; and many things have been done to promote its welfare. Special credit should be given to the ENSIGN C. MARKLAND KELLY, JR. MEMORIAL FOUNDATION, INC. for their financial assistance. The result—many of the programs are a reality rather than a dream.
